The owner, The Procter & Gamble Company, of 100 percent interest in the instant application hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application, which would extend beyond the expiration date of the full statutory term of any patent granted on pending reference Application Number 10/606,137, filed on June 25, 2003 and pending reference Application Number 11/090,570, filed on March 24, 2005, as such term is defined in 35 U.S.C. 154 to 156 and 173, and as the term of any patent granted on said reference application may be shortened by any terminal disclaimer filed prior to the grant of any patent on the pending reference application. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

Docket No. 9286L
Paper dated December 1, 2008
Reply to Office Action mailed on September 2, 2008

The owner, The Procter & Gamble Company, of 100 percent interest in the instant application also hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application which would extend beyond the expiration date of the full statutory term of prior Patent No. 6,989,167 as the term of said patent is defined in 35 U.S.C. 154 to 156 and 173, and as the term of said prior patent is presently shortened by any terminal disclaimer. The owner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and the prior patent are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimers, the owner does not disclaim the terminal part of the term of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 to 156 and 173 of any patent granted on said reference application, as the term of any patent granted on said reference application may be shortened by any terminal disclaimer filed prior to the grant of any patent on the reference application, in the event that any such patent granted on the reference application: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. §1.321, has all claims cancelled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as shortened by any terminal disclaimer filed prior to its grant.

Authorization is given to charge Deposit Account No. 16-2480 for the fee required under 37 C.F.R. §1.20(d) for submission of this Terminal Disclaimer.

The undersigned is an attorney or agent of record.

Respectfully Submitted,
